**Dear Breonna ...**

**I'm sorry. I'm sorry that you worked hard for a system that couldn't even work hard for you.**

**I'm sorry that your neighbors got justice before you did ...**

**I'm sorry that this governor (Andy Beshear), and the Supreme Court is still trying to justify your MURDER...**

**Trying to make your MURDER... your fault.**

**I'm sorry... that we waited... & we marched... & we fought... for 194 days... for no JUSTICE.**

**I'm sorry that the Kentucky Attorney General, Daniel Cameron, was chosen by the system to harm our black people.**

**But then again, all Skin Folk aren't Kin Folk**

**I'm sorry that people are turning your murder into movies and trying to make money off you.**

**But they couldn't help you...**

**They didn't help you...**

**I'm sorry that you couldn't even be safe in your own HOME...**

**Breonna... I'm so sorry...**

**But there is no amount of sorrys that can bring you back...**

**There's no amount of sorrys that can heal your family**

**Your friends...**

**There is no amount of sorrys that can stop the pain that everyone feels...**

**Breonna...**

**I'm sorry...**

**Even though you are gone...**

**your name will FOREVER live on...**
